Dear Parents/Guardians,

PRIMARY 2 NON-WEIGHTED ASSESSMENTS

Please find appended below the schedule and details of the assessments which will be carried out during curriculum time for Term 3.

The objective of these assessments is to allow our teachers to find out how well your child has grasped the desired learning outcomes of the respective subjects. Based on the assessments, our teachers will provide your child with feedback and timely interventions to support his/her learning and development.

As all the tasks are non-weighted, there will not be a standardised day for the level to complete the assessment. The teachers may carry out the tasks on any day during the stipulated period, taking into consideration the class's progress. Parents are not required to prepare your child for these tasks. We hope that your child will focus on learning at his/her own pace and seek improvement based on the teachers' feedback to gradually develop the intrinsic motivation and joy in learning. Students who display good learning dispositions and positive learning outcomes will be recognised with the subject STAR Award at the school's annual prize presentation.

We look forward to working in partnership with you in your child's education.

Yours faithfully,

Mr Seet Chia Song
